PROJECTS

Trivia Trove (Nov 2023) | *React, JavaScript, React Router, Axios, Fetch, Open Trivia DB*

- Built a multi-page trivia app with category and difficulty selection, true/false and multiple-choice questions, scoring, answer feedback, missed-question review, and replay. Integrated Open Trivia DB and used React hooks and routing to manage question flow.

Recipe Sharing Web App (Oct 2023) | *Node.js, Express.js, MongoDB, Mongoose, EJS, JWT*

- Collaborated on a full-stack recipe-sharing app featuring recipe creation, editing, and deletion, user registration and login, JWT-protected routes, and author-only editing. Debugged an ownership issue by tracing form-submitted IDs and update handling.

Anaconda (Sep 2026) | *JavaScript*

- Created a JavaScript game inspired by Snake.
